London South East Children's University
January 2022 Challenge 1

Our future Queen!

Catherine Middleton, the Duchess of Cambridge, will be celebrating her 40th birthday on 9th January 2022. She is married to Prince William (also known as the Duke of Cambridge) and they have three children together;
George, Charlotte and Louis.

For the first challenge of the year, we would like you to use your research skills to create a Fact File on the Duchess! You can find a template on the next page which you can use, but you can also share the information in any way you choose – maybe you could create a vlog? You may also find these websites helpful:
https://www.royal.uk/the-duchess-of-cambridge and
https://kids.kiddle.co/Catherine,_Duchess_of_Cambridge

Once you have completed your work, please email your work to Kate at BexleyCU@LSEAT.org.uk and she will email you a 1hr Learning Credit Slip!

Fact File on Catherine Middleton

By…….

Where and when was she born?

Which university did she go to?

When and where did she marry Prince William?

When were her children born?

Prince George –

Princess Charlotte –

Prince Louis

Where does she live?

What is important to her? What charities does she support? You will need to name at least 3 of these!

As a future Queen, what is your best piece of advice for her?
